

Spring 2020 – CSE102: Exercise 2

In the CSE102 project, you will develop your own website. The theme of the website could be related to your hobbies, likings, area of expertise or some tool.

For some of the ideas, you may want to see the listing at:

<http://www.markammay.com/100-creative-ideas-for-a-website/>.

As part of this assignment, together with your project partners you will create a concise description of your website idea (max 1 page long).

The description (max 1 page long) should address following points:

- 1) website idea topic;
- 2) Team members;
- 3) Purpose of website;
- 4) High level menus and functionalities;
- 5) Target group for this website (e.g. young children, parents, women, men, doctors); and
- 6) Benefits your website will provide to the target group.

Submit your idea and description in a document file by Monday 16 March 11:59 PM Local time.
